To

The Chief Secretary,
Govt. of Mysore, Bangalore.

Sir,

The Principal, College of Engineering, Bangalore, writes to state that the proposal to train armament artificers at the College of Engineering, Bangalore, has been dropped by the Military authorities. The W.T. Scheme will therefore continue at the College itself. The question of constructing a hostel, which is pending, has to be taken up. I request to be informed whether I may address the Government of India for sanctioning the construction of temporary hostel on the site behind "A" station, which is the site selected by the Principal of the College. In this connection I desire to inform you that on the same plot, necessary buildings may be constructed by you which, while being of use to the War Technicianx trainees as a hostel at present, might be utilised later on for the use of the Engineering College or other Govt. institutions. Such a scheme was suggested by the Superintendent, Jayachamarajendra Occupational Institute when the question of transferring the Civmil centre ~~in thux~~ from the Engineering College, to that institution was under consideration. But such a construction will necessarily take a long time and you will agree with me that until then, the trainees will have no hostel.

2. As this question is considerably delayed and as the matter is urgent, I propose to recommend for the construction of temporary hostel as per Govt. of India plan, on the site selected by the Principal of the College. Before I proceed further in the matter, I would like to have your concurrence in the matter.

An early reply is requested.

BH In June 1942 the Principal Eng^g College suggested the sites surrounding Jayadeva Hostel as opposite to Rec. Course but the then Senior Regional Inspector considered such unsuitable. The present letter refers to a site behind 'A' station. It is not clear as to whether

The site now referred to is the same as above. Perhaps the Principal may be asked in the first instance as to which is the site referred to and in whose possession it is at present. Submitted for orders.

The site is the one which is behind the 'A' Station and the Indian School and which we had agreed to give in letter dated 14.9.43 for the Hostel for D.E.M.E Artificers. Subject to the same conditions. The site may perhaps be made available for the temporary Hostel for War Technicians.

Issued memos W 1344-46 dy 13.12.43 to the C.E., D.P.I., & Principal, College of Engg.

There has been no further communication from the S.R.I and it's Not known whether any action was taken or the Matter dropped. He was asked to get in touch with the C.E to settle further details re. Construction at Hostel. Evidently a proposal seems to have been dropped. Such for orders whether the papers may be filed for reference

Sir.

With reference to your letter No F.(16)/3915/43 dt 1st Dec. 43 on the above subject. I am directed to state that there is no objection for the sick (Middle School sick in the triangle formed by Arbadoor Chetton Road, Race Course Road and Race Course Cross Road) being utilised for the construction of a temporary hostel for the use of War Technicians at the Engg. College Bangalore. provided a ~~strip~~ garden

75 feet from the compound wall along Babadar Chatram Road is reserved for ~~Burying Muslims who gather [illegible] there during Bakrid and Ramzan and the Sheikh~~ an port up about 60 feet away from Middle School building on Et. W. Western side. This port further suggest that a construction of the ~~temporary~~ structure for the Hostel (which will presumably revert to them when the Scheme for the training of War Technicians is over) may be entrusted to the Mysore PWD. If there is no objection the authorities concerned may be requested to get into touch with the C-E and settle further details.
